**Environmental Goods Agreement:
Environmental Products to be Included**

I/my company/my organisation suggest(s) that Hong Kong should seek to include the following environmental product(s) in the Agreement:

Product Description	HS Classification¹	Category to which the Product Belongs <i>(Please tick the appropriate box)</i>	Technical Information <i>(Description of the functions and environmental benefits of the products, may attach catalogue if necessary)</i>
		☐ (1) Air pollution control ☐ (2) Solid and hazardous waste management ☐ (3) Clean and renewable energy ☐ (4) Wastewater management and potable water ☐ (5) Environmental monitoring, analysis and assessment equipment ☐ (6) Other <i>(please choose from the list below#)</i> : _____	

(Please use additional sheet if necessary)

#List of Other Categories:

- | | | | | |
|-----------------------------|--|--|--------------------------------|-----------------------------------|
| (a) Green buildings | (b) Natural resources protection | (c) Cleaner or more resource efficient technologies and products / energy-saving and environmentally preferable products | (d) Heat and energy management | (e) Noise and vibration abatement |
| (f) Natural risk management | (g) Recycled materials / resource-recyclable devices | (h) Remediation and cleanup / remediation of contaminated soil and groundwater | (i) Waste minimisation | (j) Other environmental products |

¹ HS Classification is the Harmonized System used to classify products according to the publication “**Hong Kong Imports and Exports Classification List (Harmonized System) 2012 Edition**”. The publication is available at <http://censtatd.gov.hk/hkstat/sub/sc230.jsp>. A search engine (“Finding Commodity Codes”) and information about the “Commodity Code Enquiry Hotline” are also available at <http://censtatd.gov.hk/trader/hrcode/index.jsp>.

I/my company/my organisation suggest(s) that the Agreement should seek to address the following non-tariff issues related to the trading of environmental products:
