ARTICLE 2

Promotion of Investments

Each Contracting Party shall encourage and create favourable conditions for investors of the other Contracting Party to make investments in its area.

ARTICLE 3

Admission of Investments

Each Contracting Party shall admit investments made by investors of the other Contracting Party subject to its applicable laws and regulations.

CHAPTER II: TREATMENT AND PROTECTION OF INVESTMENTS

ARTICLE 4

Non-discriminatory Treatment

1. Each Contracting Party shall accord to investors of the other Contracting Party and their investments treatment no less favourable than that it accords, in like circumstances, to its own investors and to investments of its own investors with respect to the management, maintenance, use, enjoyment or disposition of investments.
2. Each Contracting Party shall accord to investors of the other Contracting Party and their investments treatment no less favourable than that it accords, in like circumstances, to investors of any non-Contracting Party and to investments of investors of any non-Contracting Party with respect to the management, maintenance, use, enjoyment or disposition of investments.
3. This Article shall not be construed so as to oblige a Contracting Party to extend to the investors of the other Contracting Party and their investments the benefits of any treatment, preference or privilege which may be granted by the former Contracting Party by virtue of:
 - (a) any bilateral or multilateral agreement or arrangement establishing, strengthening, expanding or varying a free trade area, a customs union, a common market, an economic organisation or a similar institution;
 - (b) any other agreement or arrangement for promotion and protection of investments; or
 - (c) any bilateral or multilateral agreement or arrangement relating wholly or mainly to taxation, or any domestic legislation relating wholly or mainly to taxation. In the event of any inconsistency between this Agreement and any tax-related bilateral or multilateral agreement or arrangement between the Contracting Parties, such agreement or arrangement shall prevail to the extent of such inconsistency.

4. For greater certainty, in respect of intellectual property rights, a Contracting Party may derogate from this Article in a manner that is consistent with the TRIPS Agreement.

5. For greater certainty, the obligation in this Article does not encompass a requirement to extend to investors of the other Contracting Party dispute resolution procedures other than those set out in Chapter III.

ARTICLE 5

Minimum Standard of Treatment

1. Each Contracting Party shall accord to investments treatment in accordance with applicable customary international law principles, including fair and equitable treatment and full protection and security.

2. For greater certainty, paragraph 1 prescribes the customary international law minimum standard of treatment of aliens¹ (as evidenced by general and consistent State practice and *opinio juris*) as the standard of treatment to be afforded to investments. The concepts of “fair and equitable treatment” and “full protection and security” do not require treatment in addition to or beyond that which is required by that standard, and do not create additional substantive rights. The obligations in paragraph 1 to provide:

- (a) “fair and equitable treatment” include the obligation not to deny justice in criminal, civil, or administrative adjudicatory proceedings in accordance with the principle of due process; and
- (b) “full protection and security” require each Contracting Party to provide the level of police protection required under customary international law.

3. A determination that there has been a breach of another provision of this Agreement, or of a separate agreement, does not establish that there has been a breach of this Article.

¹ The customary international law minimum standard of treatment of aliens refers to all customary international law principles that protect the economic rights of aliens.

4. For greater certainty, the mere fact that a subsidy or grant has not been issued, renewed, or maintained, or has been modified or reduced, by a Contracting Party, even if there is loss or damage to the investment as a result, does not constitute a breach of this Article.

ARTICLE 6

Compensation for Losses

1. Investors of a Contracting Party whose investments in the area of the other Contracting Party suffer losses owing to war, armed conflict, revolution, a state of national emergency, insurrection, riot or any other similar event, shall be accorded, as regards the restitution, indemnification, compensation or other settlements, treatment no less favourable than the treatment the other Contracting Party accords to its own investors or investors of any non-Contracting Party.

2. Without prejudice to paragraph 1, investors of a Contracting Party who in any of the situations referred to in that paragraph suffer losses in the area of the other Contracting Party resulting from:

- (a) requisitioning of their property by the latter Contracting Party's forces or authorities; or
- (b) destruction of their property by the latter Contracting Party's forces or authorities which was not caused in combat action or was not required by the necessity of the situation

shall be accorded restitution or compensation. Resulting payments shall be made in a freely usable currency.

ARTICLE 7

Expropriation and Compensation

1. Neither Contracting Party may expropriate an investment either directly or indirectly through measures tantamount to expropriation, except:

- (a) for a public purpose;
- (b) on a non-discriminatory basis;
- (c) in accordance with due process of law; and
- (d) on payment of compensation in accordance with paragraph 2.

2. Compensation shall:

- (a) be equivalent to
 - (i) the fair market value (if the expropriating Contracting Party is Mexico); or
 - (ii) the real value (if the expropriating Contracting Party is the HKSAR)

of the expropriated investment immediately before the expropriation occurred or before the impending expropriation became public knowledge whichever is the earlier. The compensation shall not reflect any change in value occurring because the intended expropriation had become publicly known earlier. Valuation criteria shall include the going concern value, asset value including declared tax value of tangible property, and other criteria, as appropriate, to determine the compensation;

- (b) be paid in a freely usable currency without delay;
- (c) include interest at a commercially reasonable rate for that currency, from the date of expropriation until the date of actual payment; and
- (d) be fully realisable and freely transferable.

3. The investor affected shall have a right, under the laws and regulations of the expropriating Contracting Party, to prompt review by a judicial or other independent authority of that Contracting Party, of the investor's case and of the valuation of the investment in accordance with the principles set out in paragraphs 1 and 2.

4. For greater certainty, this Article does not apply to the issuance of a compulsory licence granted in relation to intellectual property rights, or to the revocation, limitation or creation of an intellectual property right, to the extent that the issuance, revocation, limitation or creation is consistent with the TRIPS Agreement.

ARTICLE 8

Transfers

1. Each Contracting Party shall permit all transfers related to an investment² to be made freely and without delay. Monetary transfers shall be made in a freely usable currency unless otherwise agreed by the investor, at the market rate of exchange prevailing on the date of transfer. Such transfers shall include:

- (a) profits, dividends, interest, capital gains, royalty payments, management fees, technical assistance and other fees and amounts derived from the investment;
- (b) proceeds from the sale of all or any part of the investment, or from the partial or complete liquidation of the investment;
- (c) payments made under a contract entered into by the investor or its investment, including payments made pursuant to a loan agreement;
- (d) payments arising from the compensation for losses or expropriation; and
- (e) payments pursuant to Section One of Chapter III.

2. Notwithstanding paragraph 1, a Contracting Party may prevent a transfer through the equitable, non-discriminatory and good faith application of its laws and regulations in the following cases:

² For greater certainty, transfers related to an investment cover transfers of initial and subsequent capital contributions as well as transfers of items within the scope of the definition of “investment”.

- (a) bankruptcy, insolvency or the protection of the rights of creditors;
- (b) issuing, trading, or dealing in securities;
- (c) criminal or administrative violations;
- (d) reports of transfers of currency or other monetary instruments;
- (e) ensuring the satisfaction of judgments in adjudicatory proceedings; or
- (f) imposing income taxes by such means as a withholding tax.

3. In case of a serious balance of payments difficulty or of a threat thereof, a Contracting Party may temporarily restrict transfers provided that such a Contracting Party implements measures or a programme in accordance with the *Articles of Agreement of the International Monetary Fund* and that do not exceed those necessary to deal with the circumstances described in this paragraph. These restrictions should be imposed on an equitable, non-discriminatory and in a good faith basis, and be notified once applied to the other Contracting Party.

ARTICLE 9

Subrogation

If a Contracting Party, or any agency, institution, statutory body or corporation designated by the Contracting Party, makes a payment to an investor of the Contracting Party under a guarantee, a contract of insurance or other form of indemnity that it has entered into with respect to an investment, the other Contracting Party in whose area the investment was made shall recognise the subrogation or transfer of any rights the investor would have possessed under this Agreement with respect to the investment but for the subrogation, and the investor shall be precluded from pursuing these rights to the extent of the subrogation.

ARTICLE 10

Denial of Benefits

A Contracting Party may deny the benefits of this Agreement to an investor of the other Contracting Party that is an enterprise of that other Contracting Party and to investments of that investor if the enterprise:

- (a) is owned or controlled by a person of a non-Contracting Party or of the denying Contracting Party; and
- (b) has no substantive business operations in the area of the other Contracting Party.

ARTICLE 11

Transparency³

1. Each Contracting Party shall promptly publish, make publicly available or provide upon the request of the other Contracting Party, its laws, regulations, procedures and administrative rulings and judicial decisions of general application as well as bilateral and multilateral agreements, which may affect the investments of investors of a Contracting Party in the area of the other Contracting Party.

2. Nothing in this Agreement shall require a Contracting Party to furnish or allow access to any confidential or proprietary information, including information concerning particular investors or investments, the disclosure of which would impede law enforcement or be contrary to its laws or regulations protecting confidentiality or prejudice legitimate commercial interests of particular investors.

ARTICLE 12

Investment and Environmental, Health or other Regulatory Objectives⁴

³ Article 11 (Transparency) shall not be subject to Section One of Chapter III.

1. Nothing in this Agreement shall be construed to prevent a Contracting Party from adopting, maintaining, or enforcing any measure consistent with this Agreement that it considers appropriate to ensure that investment activity in its area is undertaken in a manner sensitive to environmental, health or other regulatory objectives.

2. The Contracting Parties recognise that it is inappropriate to encourage investment by relaxing their measures related to environmental, health or other regulatory objectives. Accordingly, a Contracting Party should not waive or otherwise derogate from, or offer to waive or otherwise derogate from, those measures to encourage the establishment, acquisition, expansion or retention in its area of an investment of an investor of the other Contracting Party.

ARTICLE 13

Corporate Social Responsibility⁵

Each Contracting Party may encourage enterprises operating within its area or subject to its jurisdiction to voluntarily incorporate into their internal policies internationally recognised standards, guidelines and principles of corporate social responsibility that are supported by that Contracting Party.

⁴ Article 12 (Investment and Environmental, Health or other Regulatory Objectives) shall not be subject to Section One of Chapter III.

⁵ Article 13 (Corporate Social Responsibility) shall not be subject to Section One of Chapter III.

3. If the disputing parties cannot agree on the proposed redactions within a further 30 days they shall submit the points on which they cannot agree to the chairman of the tribunal who shall decide the matter forthwith and make an allocation of any additional costs of the arbitration arising from the disputing parties' failure to agree.

4. If a disputing party does not notify the other disputing party (or parties) of its request to preserve confidentiality over protected information in a particular submission, procedural order, decision or award within 30 days of the delivery of the final award, that disputing party shall be deemed to have consented to make available to the public such submission, procedural order, decision or award.

3. Within 30 days after the date on which the second arbitrator was appointed, the arbitrators appointed by the Contracting Parties shall appoint, by mutual agreement, a third arbitrator, who shall be the chairman of the tribunal upon approval of the Contracting Parties.

4. If within the time limits set out in paragraphs 2 and 3 above, the required appointments have not been made or the required approvals have not been given, either Contracting Party may invite the President of the International Court of Justice to appoint, in a personal and individual capacity, the arbitrator or arbitrators not yet appointed. Annex to Article 7 (Expropriation and Compensation)

The Contracting Parties confirm their shared understanding that:

1. A measure or a series of measures by a Contracting Party cannot constitute an expropriation unless it interferes with a tangible or intangible property right or property interest in an investment.

2. Article 7(1) (Expropriation and Compensation) addresses two situations. The first is direct expropriation, where an investment is directly expropriated through formal transfer of title or outright seizure.

3. The second is indirect expropriation, where a measure or a series of measures by a Contracting Party has an effect equivalent to direct expropriation without formal transfer of title or outright seizure.

(a) The determination of whether a measure or a series of measures by a Contracting Party, in a specific fact situation, constitutes an indirect expropriation requires a case-by-case, fact-based inquiry that considers, among other factors:

(i) the economic impact of the measure or the series of measures, although the fact that a measure or a series of measures by a Contracting Party has an adverse effect on the economic value of an investment, standing alone, does not establish that an indirect expropriation has occurred;

(ii) the extent to which the measure or the series of measures interferes with distinct, reasonable investment-backed expectations; and

(iii) the character of the measure or the series of measures.

(b) Non-discriminatory measures by a Contracting Party that are designed and applied to achieve legitimate public welfare objectives, such as public health, safety, and the protection of the environment, do not constitute indirect expropriation, provided that such measures:

- (i) are not so severe in the light of their purpose that they can be reasonably viewed as having been adopted and applied in good faith; and
- (ii) are not used as a disguised means to repudiate or breach the provisions in Article 7 (Expropriation and Compensation).

Annex to Article 15 (Notice of Intent and Consultations)

1. The notice of intent referred to in Article 15 (Notice of Intent and Consultations) shall be delivered to:

- (a) in the case of Mexico, the Dirección General de Consultoría Jurídica de Comercio Internacional of the Ministry of Economy; and
- (b) in the case of the HKSAR, the Trade and Industry Department.

2. The disputing investor shall submit the notice of intent in English.

3. In order to facilitate the process of consultations, the disputing investor shall provide, along with the notice of intent, copy of the following documentation:

- (a) official document of identity issued by the non-disputing Contracting Party, where the disputing investor is a natural person, or the applicable document of constitution or organisation under the laws and regulations of the non-disputing Contracting Party, where the disputing investor is an enterprise of such Contracting Party;
- (b) where the disputing investor intends to submit a claim to arbitration on behalf of an enterprise of the disputing Contracting Party that the disputing investor owns or controls:
 - (i) the applicable document of constitution or organisation of the enterprise under the laws and regulations of the disputing Contracting Party; and
 - (ii) the document evidencing that the disputing investor owns or controls the enterprise.

Where applicable, power of attorney or the document whereby a person is duly authorised to act on behalf of the disputing investor shall also be submitted.
