The HKAI aims to recognise the outstanding achievements of Hong Kong enterprises in pursuit of high technology and high value-added activities, and to commend excellence in various aspects of their performance.

The 2016 HKAI covered seven categories, namely the consumer product design category organised by the Federation of Hong Kong Industries; the equipment and machinery design category organised by the Chinese Manufacturers' Association of Hong Kong; the customer service category organised by the Hong Kong Retail Management Association; the innovation and creativity category organised by the Hong Kong General Chamber of Commerce; the productivity and quality category organised by the Hong Kong Productivity Council; the technological achievement category organised by the Hong Kong Science and Technology Parks Corporation, and the upgrading and transformation category organised by the Hong Kong Young Industrialists Council.

The 2016 HKAI media partners were Hong Kong Economic Times and Metro Finance.
